Subject: 1115 Waiver Behavioral Health Needs Assessment Workplan - for review and comment

Hello all,

The June 1, 2011 1115 Waiver Stakeholder Advisory Committee meeting included a presentation on the 1115 Waiver Behavioral Health Needs Assessment and Plan. This assessment project and plan are required under the 1115 Waiver. DHCS has worked in conjunction with its contracted assessment vendor, TAC-HSRI, and a stakeholder workgroup to develop and refine a draft work plan for the assessment. This work plan is now available at the web link below for your review and comment. Please provide any comments or questions by email at 1115behavioralhealthassessment@dhcs.ca.gov

Please provide your comments by 5 p.m. PST on June 15, 2011. After this date we will 1) consider all comments, 2) finalize the work plan, 3) repost the final work plan on the web site, and 4) send another email to indicate that the final work plan has been posted. Please feel free to forward this link to other interested parties for review.

Thank you - Brian
