October 25, 2011

Dear MHSA Housing Program Stakeholder:

We are pleased to inform you that the Corporation for Supportive Housing (CSH) has received funding to provide technical assistance to California counties for the period of October 1, 2011 through June 30, 2012. We will be offering for a limited amount of project-based technical assistance (TA), as well as quarterly housing coordination conference calls.

The TA will be focused on completing MHSA housing applications and getting projects ready for operation; we will be contacting counties individually to check on current needs and to discuss TA activity priorities. Unfortunately, we are not able to provide TA at this time to support the development phase of your project(s); however, please remember that CSH's website is a treasure trove of materials on these topics. (Note: CSH will be launching a new website in the next month - with the same great resources, easier navigation.)

We look forward to working with all of you again to advance the vision and promise of the Mental Health Services Act. Please feel free to contact us if you have questions about the TA work we have begun, if you need MHSA Housing Program assistance, or just to welcome us back!

Sincerely,

Anne Cory
Director, Northern California

Alan Saunders
MHSA Program Manager
(510) 251-1910 x214
alan.saunders@csh.org

PS: CiMH is supportive of counties contracting directly with CSH for assistance beyond the scope of the current project. Please get in touch with CSH directly if you'd like to explore a contracting opportunity
