

2010-11 Goals for the CMHDA ASOC Committee

1. The committee will survey the counties on the results of loss of revenue over the past few years and how that has impacted the counties and has changed how services are provided. – **Eliminate goal at request of CMHDA's Gov. Board.**
2. The committee will focus on dual-informed consent and will have a panel presentation on how counties are serving clients with co-occurring disorders.
 - a. The panel can consist of probation and adult coordinators from a few counties and they can talk about how they work together on treating clients. – **Accomplished by having a panel presentation at 6/22/11 meeting.**
3. The committee will focus on the relationship between parole and the forensics side of adult services. – **The committee continues to work on this.**
4. The committee will continue to discuss the integration of primary care and behavioral health care within a competency development structure. – **The committee does this regularly.**
5. The committee will have forums at future meetings focusing on the integration of physical healthcare and behavioral healthcare. – **The committee talks about this in terms of LIHP.**
6. The committee will have a forum with Working Well Together on a particular issue at a future meeting. – **Heather Anders will ask Donna Matthews and Sabine Whipple if there is anything that could be reported on at a meeting on WWT. Possible dates for presentation could be September 28th or December 7th.**
