Who are TAY?

Transition Age Youth (TAY) are individuals between the ages of 16 and 25. The CUBE center has been especially designed for youth, by youth.

Our target population are youth recovering from mental and/or emotional problems who may be emancipating from Foster Care, Group Homes, The Juvenile Justice System, and/or youth from the community.

The CUBE is a one stop drop in center that provides a safe environment for youth to set goals and succeed in life.

The Peer Mentors at the CUBE are dedicated to helping improve the quality of life for TAY in Merced County by providing assistance in becoming independent.
